

The Brickyard

This great property consists of approximately 30 wooded and open acres. There is a very nice pond stocked with catfish, bass and bream. The cozy cabin overlooks the pond and is perfect for weekend visits or just staying a while. The current owner has made a very extensive 4wheeler/atv/utv trail around the property. The RR track is no longer in use but it still remains. The powerline easement gives you a very nice food plot area and is currently used for a dove field. There is also quite a bit of Kaolin on this property. This property was at one time part of a brick manufacturing plant. They used the Kaolin and red clays in the area to make a type of fire brick as well as architectural bricks. Call Adam Lee to set up your private tour 803-603-6600.
