COCHRAN HWY EAST

Dodge County | \$88,770 | 16 acres

Property Details

Cochran Highway East is 16.14+/- acres located just out side of the small town of Chester. The property is a combination of fresh clear cut and a natural stand of hardwood and pine mix. A small creek flows across the property and adds character. The property has ample frontage along HWY 126 making future division very easy. Several areas would make ideal home sites. This property shapes up as a great home site in the country with plenty of elbow room. It is located within an easy drive to both Dublin and Macon. Come take a look and we think you will agree.
