

Sold

HORSEPEN BRANCH

Screven County | \$238,000 | 28 acres

Property Details

This property is the perfect size for a weekend outdoor retreat or a homesite. The property is mostly level with a nice hardwood hill at the back of the tract. The majority of the land is covered with timber (mostly hardwood) with a road down the center that leads to a nice open area. This is currently a food plot but could also be used as a small pasture. Horsepen Branch runs through the east side of the property, giving wildlife a water source. Deer and turkey are plentiful in the area with many agricultural fields around the property.

Address

Lewis Station Rd.
Sylvania, Georgia 30467
