

Sold

LONGLEAF HILL

Screven County | \$124,000 | 45 acres

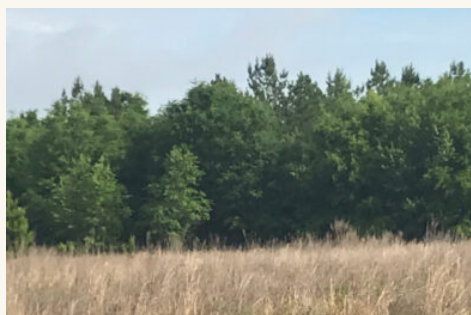

Property Details

A beautiful hunting or homesite property located in the southern part of Screven County off Highway 17 is a must see. There is a 8 acre field on the front of the property with a powerline running down the boundary that could be used as a homesite or a dove field. Also a 2 acre low area that could be made into a duck pond. There are some quail on the property along with an abundance of deer and turkey. A nice mix of pine and oaks cover most of the land with 6 acres of longleaf pine that could produce income. Please call to set up a showing.

Address

Effingham Hwy
Sylvania, Georgia 30467
