# MISSION FARM TRACT

Wilkinson County | \$79,000 | 20 acres

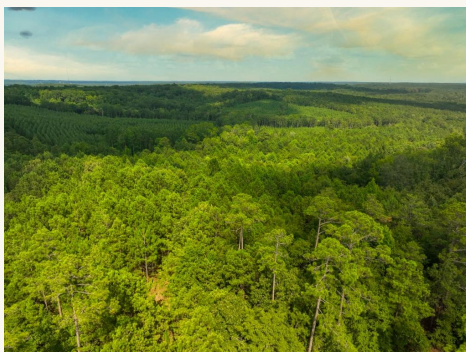

## Property Details

This is a very nice 20 acre tract that would make a pretty homeplace amongst old growth hardwood/pine mix. The property slopes down the further you go back into the property, and would make a very nice back porch view! This property is a one minute drive from Fall Line Freeway, yet it's tucked away off Mission Farm Rd. offering seclusion and privacy. It is very convenient to Macon, Gray and Milledgeville. The recreational activities are off the charts, as there are several large landowners around this tract. Give us a call today as this one will not last long!

### Address

Mission Farm Rd.  
Gordon, Georgia 31031  
Wilkinson County
