

Sold

MOCK FARM

Dodge County | \$215,395 | 94 acres

Property Details

The Mock Farm is 93 +/- acres of pasture located just west of Eastman, Georgia. This property is comprised almost entirely of pasture and formerly cultivated land. A very small portion of the farm is wooded and approximately an acre is devoted to a pond. The possibilities for livestock on this farm are endless. It would serve as a perfect cattle or horse farm. The acreage that was cultivated in the past will serve as a great place to plant winter grazing or grow annual grazing crops. There is an old farm house on the property. It is located along the frontage of HWY 341. This house is being sold as is with only a Lead Based paint disclosure. Please call Michael Wilson to schedule your showing of this great farm.
