

Sold

PIEDMONT GENTLEMAN'S FARM

Jones County | \$985,000 | 131 acres

Property Details

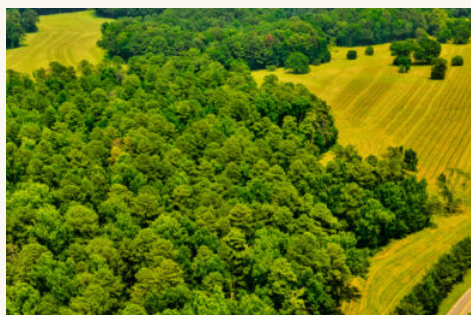

Introducing "Piedmont Gentleman's Farm". This generation farm has been in the same family since the 1960's, and has been cared for in a way one would expect over a 60+ year span. It's worth noting that Piedmont Gentleman's Farm is located directly across the paved road from world renowned vocalist Otis Redding's family farm, known as "Big O' Ranch, where most of his immediate family still resides. There is a lot of historical value embedded in the Piedmont Gentleman's Farm as it is part of the historical Cabiness Hunt Plantation, and it is ready for its next great land steward.

Address

293 Otis Redding Rd.
Hillsboro, Georgia 31038
Jones County

This farm is one of the most opportunistic farms you will find in this market. If you are looking for your family's new homestead, horse and/or cattle farm, or recreational retreat, then I can assure you this is just the place. The development potential of this farm is certainly a possibility in this fast growing area. A farm of this caliber does not see the open market very often. Give us a call today, and we'd be glad to show you around!
