PIEDMONT HOMEPLACE

Crawford County | \$99,000 | 16 acres

Property Details

Piedmont Homeplace is a beautiful 16± acre tract that presents the opportunity for the new landowner to build their dream home while having plenty of room for recreational activities. This tract features old growth hardwood pine mix throughout the property. There are several building sites amongst the 16 acres. A large food plot is already in place, and has proven to be an excellent spot for deer & turkey. There is already a partially cleared 2 acre space in place, which would be the most ideal homesite in my opinion. There is long paved road frontage, as well as power located off of the hard road. Give us a call today to see this property.

Address

Moncrief Rd.
Roberta, Georgia 31078
Crawford County
