SCREVEN HUNT CAMP

Screven County | \$80,000 | 35 acres

Property Details

Located in prime hunting country in southern Screven County, this property is ready to be enjoyed. The majority of the property is covered in a mix of hardwoods and pines with many bedding areas. There is also a deep well and power on site along with 6 acres with widely scattered pines that could easily be converted into a homesite, pasture or a bird field. The property is surrounded by agriculture fields and a large wet weather pond just across the property line as a water source for game. You will find deer and turkey plentiful with the occasional wild hog in the area. Just a 45 minute drive from Savannah this would be a perfect weekend retreat.

Address

446 Ennis School Rd
Sylvania, Georgia 30467
Screven County
