WILKINSON FOREST – TRACT 1

Wilkinson County | \$152,000 | 40 acres

Property Details

Wilkinson Forest is a beautiful 30+ year old hardwood/pine forest located in Wilkinson County! This 40+ acre tract boasts nearly 1300 ft of Hwy 57 road frontage. There is a gated entrance right off of the paved highway. There is power located just off of the property itself, which allows for easy access for your homsite and/or cabin site. There is a long primary road running through the 40 acres leading back to a nice sized food plot. This tract is loaded with deer & turkey. It is evident with a quick look around the property. There is a seasonal branch on the property as well. This would make an excellent homeplace, cabin site, or just an affordable hunting tract without breaking the bank. Smaller tracts such as this do not last long in this market, so give us a call today!
