WILKINSON FOREST – TRACT 2

Wilkinson County | \$285,600 | 84 acres

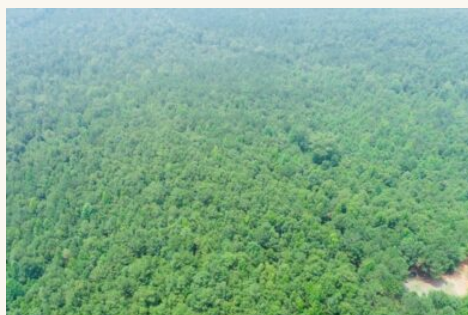

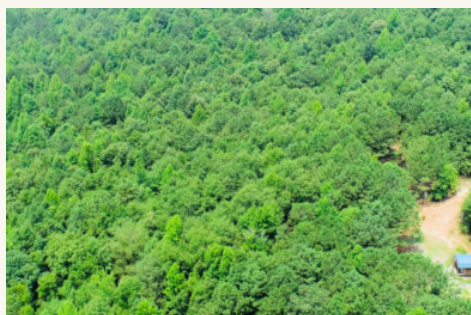

Property Details

Wilkinson Forest is a beautiful 30+ year old hardwood/pine forest located in Wilkinson County! This 84± acre tract boasts nearly 2000 ft of Hwy 57 road frontage. There is a gated entrance right off of the paved Hwy. There is already power run onto the property itself, which allows for instant access for your homesite and/or cabin site. There is a long primary road running through the 84 acres leading back to a nice sized food plot, while also running deep into a hardwood bottom. This tract is loaded with deer & turkey. It is evident with a quick look around the property. There is a seasonal branch on the property as well located along a nice hardwood bottom. This would make an excellent homeplace, cabin site, or just an affordable hunting tract without breaking the bank. Smaller tracts such as this do not last long in this market, so give us a call today!
